Introducing the Nextraq ADVANTAGE Program

NexTraq has worked hard with customers to identify key areas of concern and designed the **ADVANTAGE** Program to provide a simpler approach to GPS fleet tracking at the best possible value available. The incredible value of the NexTraq **ADVANTAGE** Program bundles together hardware, service and warranty costs in one low monthly fee – completely eliminating up-front costs for future hardware purchases. Below are just some of the features and benefits included as part of the NexTraq **ADVANTAGE** Program:

- Regularly scheduled hardware upgrades and replacements
- Access to the latest NexTraq features
- Extended hardware warranty coverage
- Dedicated account manager
- Extended customer service hours
- Access to NexTraq's industry leading training program

NexTraq's commitment is to provide an enhanced level of quality, reliability and service. Sign up today for NexTraq **ADVANTAGE** to give you the tools to run your business without the hassle of looking after your GPS fleet tracking equipment.
